

## Time to Celebrate

Glenvale Kitchens, who are based in Keady, have been selected as Finalists in the national kbbreview Industry Awards 2009. The kbb awards are the annual highlight for anyone working in the kitchen and bathroom industry. The competition is open to interior designers, architects and independent kitchen and bathroom retailers from all across the UK and Ireland. The Awards are broken down into several different categories, and it was a design created by Darren Morgan, one of the Glenvale team, which has been selected for 'The Designer of The Year Award'. The design was chosen as a finalist by a panel of industry experts who considered the innovation, imagination and resource allocation used by the designer. Darren Morgan who is also a manager at Glenvale said, 'I feel really proud to get this far, it is an achievement, not only for me, but for all the Glenvale Team. I may have created the initial concept and design but it was the entire team that made the design a reality for the client.' Winners will be announced in May 2009. Phone Keady 028 3753 9406.
